

Health and Wellbeing Partnership for All Ages

Terms of Reference and Membership

The HWPAA (Health and Wellbeing Partnership All Ages) is a sub-group of the Adur and Worthing Local Strategic Partnership. Its purpose is to provide strategic oversight of health and wellbeing issues and to help co-ordinate the efforts of partners locally in Adur and Worthing for individuals and groups of all ages.

The group will have a particular focus on individuals who live in areas of deprivation or are considered to be from disadvantaged groups

The functions of the group include:

1. Overseeing an evidence base (quantitative and qualitative) of health and wellbeing needs and issues to ensure geographical areas, individuals and groups, and issues are prioritized accordingly;
2. Identifying priorities for the partnership to work together on to address the identified priorities;
3. Influencing service provision for health and wellbeing at a local level with all partners;
4. Assisting with the co-ordination and development of the Adur and Worthing Wellbeing Hubs
5. Ensuring an effective link with the West Sussex Health and Wellbeing board and any groups supporting the work of the Board. Providing feedback regarding the effectiveness of interventions at a local level and escalating key issues for county consideration. .
6. Seeking opportunities to pool budgets and share resources to maximize the impact of programmes and reduce the risk of 'double funding'.

The role of members of the group is to:

- Consider what they can offer to this partnership in terms of expertise, time and resources to help make a difference

- Ensure the organizational issue ‘represented’ by the member and ensure issues from other colleagues in the same or similar sectors are fed in to the partnership and fed back to others

Frequency of meetings – quarterly, prior to the Waves Ahead Executive.

Links to other partnerships and groups

The key groups/partnerships include:

Group	Who will link	Purpose
